Patricia is a motivational speaker who connects on many levels with a relevant message that resonates beyond the stage. As conference attendees said after hearing her speak:

"Patricia's positive attitude, passion, and humor transform her listeners' fears into confidence and courage, enabling women to make critical decisions and lifestyle changes. Her presentations are expertly informative on the latest research in breast cancer prevention and diagnostics. Every woman needs to experience firsthand Patricia's path-breaking skills."

– Patrick Fratellone MD
Cardiology and Integrative Medicine NYC

"Patricia opened my eyes through her knowledge and strong sense of purpose to educate people about the dangers of just trusting mainstream medicine when it comes to breast health. Her lectures are backed up by facts and visuals so you can clearly understand the message and walk away with the confidence to make the right decisions for your own body."
